

Kits Glass (Kitsilano Stained Glass Ltd.) is named after one of Vancouver B.C. most popular waterfront areas (Kitsilano Beach). Founded in 1981 and as a result of continued growth, Kits Glass is now located a few minutes from the Vancouver International Airport in Richmond, B.C. ( [View Our Showroom Location](#) )

Kits Glass initially produced custom decorative glass for the commercial, residential and ecclesiastical markets in the Vancouver area. As it became known for its high quality products and reliable service, its market spread throughout North America and into Europe and Asia.

A natural progression for the business was to make these services available to the door and window manufacturers, who were unable to source a supplier who offered a high quality range of product at competitive pricing.

Kits Glass is proud to be one of the premier full service custom and production glass suppliers in the industry today, serving both the homeowner, and manufacturer. Whether it is a one off custom piece for the homeowner, or a proprietary line for the manufacturer, we can design, manufacture, deliver and install it for you in a timely manner.
