

Kits Glass not only designs, produces and ships anything from a custom unit to an entire product line and supplies steel and fiber glass doors. We can also assist you with the marketing material to help sell your new merchandise. We will work with you to create brochures, flyers and price lists that will help to promote your products to potential customers, as well as updating and informing your existing ones.

Volume orders of 20 and 40 foot containers ship directly from our offshore facility to keep costs and time frames down.

From the designing to the shipping and marketing of a product, Kits Glass does it all. Making it the easiest it's ever been for you to create and offer new products to your valued customers.

An example of a product line and brochure created for one of our customers can be seen below.

Customizing your Glass:

Caming: At Kits Glass we provide a selection of caming (caming is the metal between the glass pieces) which allows you to customize your design right down to the color of the caming used. Our selection includes: Natural Zinc, Zinc Patina, Natural Lead, Darkened Lead, brass and copper.

Shapes, Patterns and Sizes: No matter the design you have in mind, Kits Glass can create it. We provide an extensive assortment of glass colors, as well as a variety of textured glass, that can all be cut to any size. We also offer everything from sandblasted and traditional stained glass for churches to textured glass for privacy.

Wrought Iron: Kits Glass also offers a wide selection of wrought iron designs and sizes. Let us know what you have in mind, and we will be happy to assist you in creating it.
